## Hardfloorsaver

### Self-adhesive film with a fleece top layer

PrimaCover Hardfloorsaver is a combination of a liquid proof film with a slip-resistant top layer of polyesterfleece. Suitable for big and small jobs in project planning, construction, finishing, renovation and painting.

This covering material has been specially developed for thoroughly dried hard surfaces such as tiles, cast floors, concrete and wood. It protects floors and stairs against paint and liquids and prevents mechanical damage for example caused by ladders, scaffolding and falling tools. PrimaCover Hardfloorsaver is repositionable during application and therefore easy to use.

### Application:

- Especially for hard floors and stairs, provided that they are thoroughly dry

### Properties:
