Magnetic Door A

Reliable dust door with magnetic seal

PRIMACOVER®

Magnetic Door A

Reliable dust door with magnetic seal

PrimaCover Magnetic Door A is the ideal solution for dust-free renovation and construction work. Thanks to the pre-installed A-magnet locking system, installation is quick and easy. The magnets allow you to open and close the door effortlessly, even when your hands are full.

Application:

- Universal installation: easy to mount with suitable double-sided tape on various surfaces.
- Hands-free: the magnetic closure ensures the door closes automatically, so you can pass through without using your hands.

Properties:

- ✓ Thickness: 100 µm
- ✓ Magnetic
- ✓ Universal installation
- ✓ Dimensions:
120 cm x 220 cm

Can be applied easily to different surfaces using suitable double-sided tape (not included)
