Defend

Felt floor covering

PRIMACOVER®

Defend

Felt floor covering

PrimaCover Defend is a thick, heavy-duty felt floor covering for maximum protection of various surfaces. Prevents mechanical damage caused by debris, pressure loads, moving equipment, etc.

PrimaCover Defend is available in rolls (25x1m) and as individual panels (80x120cm). Because of its large size, even larger surfaces can be efficiently protected. The shape and size are easy to adjust with scissors or a knife.

Application:

- Suitable for almost all surfaces, including natural stone and parquet

Properties:

- ✓ 100% vapour-permeable, therefore suitable for damp surfaces, natural stone and parquet
- ✓ Easy to customise
- ✓ Very high protection against mechanical and point loads
- ✓ Reusable
- ✓ Practically lint-free
- ✓ Thickness: approx. 4mm.
- ✓ Available in rolls (25x1m) and as individual panels (80x120cm)

For heavy loads, join the edges with a suitable tape.
Test the suitability of the product in advance.
