

# Installation instruction

**PrimaCover Protection board**

Article no.:

900092, 900633

Covering cardboard for universal use

- ♦ Anti-slip upper side
- ♦ Neutral execution, without imprint
- ♦ Without plastic coating, 100% recyclable

**Application range**

- ♦ For covering flat, hard surfaces when working indoors, protects the substrate from mechanical damage and moisture.
- ♦ Not suitable for porous surfaces.
- ♦ Not suitable for wet or freshly laid floors. Risk of waterlogging and associated negative changes to the floor.

**Installation instruction**

- ♦ The substrate must be clean, dry, pressure-resistant, dust- and grease free.
- ♦ Existing floor heating must be switched off.
- ♦ Lay the cardboard on the floor and fix the edges and corners with a suitable tape.
- ♦ Cut the cardboard at edges and corners with a safety knife.
- ♦ Don not lay over cables, protruding objects or other elevations, trip hazard!
- ♦ When laying several sheets next to each other, allow them to overlap by 10cm, press firmly and, if necessary, fix with a suitable tape.
- ♦ Check the surface of the board regularly and clean if necessary
- ♦ If the cardboard is damaged, remove it and lay out a new one, this is the only way to ensure reliable protection of the substrate.

**Re-usability**

- ♦ Remove impurities from the dry cardboard before rewinding.
- ♦ Before re-use, check the underside for dirt and remove if necessary.

**Note**

- ♦ Test the suitability of the product in advance in an inconspicuous place.
- ♦ No acceptance of liability for incorrect usage.
- ♦ It is absolutely necessary to pay attention to the installation instructions and application range!
- ♦ Always store in a dry place!
- ♦ 3 Months after installation, the non-woven should be removed from the surface. It is recommended to protect the non-woven from high temperatures and strong direct sunlight, as this could affect its technical characteristics.

**Disposal**

After use and after having been stripped of contaminants, the cardboard can be recycled in the cardboard container intended for this purpose, in compliance with official regulations.
