**Easy to install, versatile dust barrier system**

PrimaCover Dustshield is the solution for dust- and draft free work areas during renovation, remodeling and maintenance. With PrimaCover Dustshield, you can quickly and easily shield any workspace from the rest of the building.

PrimaCover Dustshield is a reusable modular system that helps prevent the spread of dust, dirt and drafts. This keeps the working environment safe and comfortable for employees and users alike. Thanks to its flexible and simple construction, this screening system is suitable for any project, large or small. Its sleek, professional appearance makes it ideal for offices, hospitals, shops, schools and more.

**How easy is Dustshield to use?**

**1**

**Position the telescopic pole**

Place a telescopic pole with a ringtop in the corner of the area to be shielded. Slide out the telescopic end and clamp it to the ceiling with spring tension.

**2**

**Hook in the header bar**

Hook the header bar with foam and foil into the first pole, then into the next one. Place the second pole in the desired location and clamp it in place.

**3**

**Unroll the foil**

Unroll the foil and attach it to the poles using the clips provided. Attach the sidefoam kit to the outer telescopic poles and clamp it against the wall for a dust-tight seal.

**4**

**Build modularly**

Easily close off the space by connecting multiple modules. This quickly creates a continuous dust wall that can be easily adapted to any space and situation.

**Dustshield Kits**

**Dustshield Starter Kit**  
4,5 meter

- 4x telescopic pole
- 3x header 150cm incl. sheeting
- 1x Zip-Up set (unmounted)

Article number 900860

**Dustshield Pro Kit**  
7,2 meter

- 7x telescopic pole
- 2x header 90cm incl. sheeting
- 2x header 120cm incl. sheeting
- 2x header 150cm incl. sheeting
- 1x Zip-Up set (unmounted)

Article number 900861

**Dustshield Master Kit**  
14,4 meter

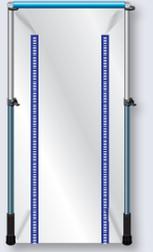

- 12x telescopic pole
- 2x header 90cm incl. sheeting
- 2x header 120cm incl. sheeting
- 1x header 120cm incl. sheeting with Zip-Up set pre-assembled
- 6x header 150cm incl. sheeting
- 2x Zip-Up set (unmounted)

Article number 900862
